

THE MAGNOLIA SOCIETY, INCORPORATED

RESEARCH GRANT APPLICATION

The Research Committee of The Magnolia Society hereby requests proposals from any interested persons for its Research Grant Program.

The Grant Program exists to encourage and support research related to botany and horticulture of Magnolias and the Magnoliaceae. Grants may be used over a period of one to three years, at the discretion of the recipient, except that funds may not be used for institutional overhead. Grants are provided to deserving recipients with the understanding that research results will be published in Magnolia, The Journal of the Magnolia Society, a non-refereed publication. Those who are unfamiliar with research in the Journal will benefit by reviewing the back issues of the Journal, which are available in many horticulture libraries.

1. Project Title:

2. Name of Researcher(s):

3. Title:

4. Address:

5. Telephone: () _____ Fax: () _____

6. E-mail: _____

7. Significance to The Magnolia Society:

8. Objectives:

9. Justification of required funding and proposed budget:

10. Proposed duration of the project:

11. Work plan for the project:
