

## Welcome to the 2018 Magnolia Society Seed Counter

We have a wonderful selection of seeds this year, thanks to our many seed collectors and contributors. In addition to fresh 2017 seeds, we also have seeds remaining from 2016 that have remained dormant and in good condition that we are offering at a reduced price.

Please order using our online seed order form - your order and payment will be recorded immediately and the online form automatically calculates the cost. Orders will be filled in the order received; online orders are time-stamped, and you can order online right away versus the delay caused by mailing an order.

Note: All seeds have been subjected to a "float test" to select the seeds most likely to be viable; however, we cannot guarantee germination - - - sorry!

### Online Orders (preferred method):

Order online using our website ([www.magnoliasociety.org](http://www.magnoliasociety.org)). Log in with your email address and password - select Members and go to the seed counter page. You will see a link for the seed counter online order form on the right side of that page.

The online order form will total your order and include the postage.

### Mail In Orders (Postal Mail Only)

Orders will be filled in the order received, so we encourage online orders. If you prefer to mail in orders, please send order form and payment to Beth Edward, 3000 Henneberry Rd, Jamesville, NY 13078 USA. We accept checks (in US Dollars) and will also accept credit card information that is sent via postal mail. PLEASE DO NOT SEND EMAIL ORDERS OR CREDIT CARD INFORMATION VIA EMAIL. If you send your order by postal mail, please make sure to include your name and the address where the seeds should be mailed. (Every year we receive at least one order without any identifying information on it). If you would like to receive an email when your order has been received, please include your email address.

### Order Quantities / Limits

This year we have 3 categories of seeds: Larger Lots, Small Lots, and Wild Collected / Hand Crosses. You may order as many different seed packets of Larger Lots as you would like (but not more than one packet of each type). You are limited to two packets of the Small Lots and two packets of the Wild Collected / Hand Crosses.
